

Englewood Schools

Belong and Thrive

Date:

To the Parent or Guardian of

Your child's teacher has recommended that your child be considered for the Gifted Education Program in the Englewood School District. Currently, a body of evidence is being collected by your child's teacher to be shared with the Gifted Education Committee for review. The body of evidence will include information such as: student work samples, test scores, parent surveys, teacher surveys, student interviews, and observational data.

The Gifted Education Committee and your child's teacher will be carefully monitoring your child's academic strengths, growth, and talent areas. Your child's educational success is important to Englewood Schools. We strive to ensure individual student needs are met including both academic and affective domains.

If you have any questions, please contact your child's teacher or your school building's gifted liaison

Please let your child's teacher know if you do not want your child to participate in this process.

Kind Regards,

Gifted Education Coordinator
